

Article 6.4 Mechanism
Prior consideration notification form for projects
(V01.0)

Project Title:	300MW Renewable solar power project in India -2-005
Names of the activity participants:	ReNew Solar Urja Pvt. Ltd.
Host party:	India
Precise geographical location (Full address or GPS coordinates):	26°37'47.9994"N 71°26'23.9994"E
A brief description of the technologies or measures to be deployed:	The Project Activity involves the installation of solar panels to generate electricity from the renewable sources. The total installed capacity of the project is 300 MW of solar power plant located in the state of Rajasthan in India.
The Article 6.4 mechanism methodology to be applied (if already known):	Not known
The actual or planned start date of the activity:	13 Sep 2021
The type of the crediting period:	Fixed
Start date of the crediting period:	16 Dec 2021
The approximate amount of GHG emission reductions or net GHG removals expected to be achieved by the project on average:	637,580 tCO ₂ eq per year
