

Article 6.4 Mechanism
Prior consideration notification form for projects
(V01.0)

Project Title:	180 MW Wind Power Project by Green Infra Wind Energy Limited
Names of the activity participants:	Green Infra Wind Energy Limited
Host party:	India
Precise geographical location (Full address or GPS coordinates):	15°48'04.8"N 76°17'22.6"E
A brief description of the technologies or measures to be deployed:	The purpose of this proposed project activity is to generate electricity by harnessing the wind energy by using wind turbines and thereby feeding the generated electricity to the Indian national grid. The Project activity will install Wind Turbine Generators (WTGs) to convert the available wind energy into electric power.
The Article 6.4 mechanism methodology to be applied (if already known):	Not known
The actual or planned start date of the activity:	03 Mar 2020
The type of the crediting period:	Fixed
Start date of the crediting period:	01 Jul 2024
The approximate amount of GHG emission reductions or net GHG removals expected to be achieved by the project on average:	638,580 tCO ₂ eq per year
