

Article 6.4 Mechanism
Prior consideration notification form for projects
(V01.0)

Project Title:	Clean Cooking Program in Rural India
Names of the activity participants:	EKI Energy Services Ltd.
Host party:	India
Precise geographical location (Full address or GPS coordinates):	Assam & Madhya Pradesh states of India Latitude - 26° 14' 38.9616" N Longitude - 92° 32' 16.2312" E
A brief description of the technologies or measures to be deployed:	Through this project, the distribution, and installation of high thermal efficient improved cook stoves (ICS) has been undertaken for households. The ICS burns wood more efficiently thereby improving thermal energy transfer to pots, hence saving fuel wood and greenhouse gases. Not only will this halt the rapidly progressing deforestation but will also reduce health hazards from indoor air (smoke) pollution and women and children will have to spend less time collecting firewood.
The Article 6.4 mechanism methodology to be applied (if already known):	Not known
The actual or planned start date of the activity:	15 Oct 2022
The type of the crediting period:	Renewable
Start date of the crediting period:	15 Oct 2022
The approximate amount of GHG emission reductions or net GHG removals expected to be achieved by the project on average:	85,218 tCO ₂ eq per year
