

Article 6.4 Mechanism
Prior consideration notification form for projects
(V01.0)

Project Title:	Bundled Captive Solar Power Project by Dalmia Cement
Names of the activity participants:	EKI Energy Services Ltd.
Host party:	India
Precise geographical location (Full address or GPS coordinates):	Tamil Nadu Ariyalur Palanganatham 10°57'41.2"N 78°56'44.7"E
A brief description of the technologies or measures to be deployed:	The project involves installation of Solar Photovoltaic (SPV) Panels on ground mounted and floating base solar power plant in various states of India. The sole purpose of project activity is to install solar power plant for captive purpose and surplus generated electricity can be supplied to grid. Baseline of each project activity is defined in section 3.4.
The Article 6.4 mechanism methodology to be applied (if already known):	Not known
The actual or planned start date of the activity:	25 Dec 2021
The type of the crediting period:	Renewable
Start date of the crediting period:	25 Dec 2021
The approximate amount of GHG emission reductions or net GHG removals expected to be achieved by the project on average:	77,864 tCO ₂ eq per year
