Prior consideration notification form for projects
(V01.0)**

Project Title:	Viviid Bundled Biomass-based Steam Generation Project in Tamil Nadu(1)
Names of the activity participants:	Viviid Emissions Reductions Universal Pvt Ltd
Host party:	India
Precise geographical location (Full address or GPS coordinates):	"As it is a bundled project, multiple locations are present. Therefore sharing the extreme coordinates. Actual will be provided during the due course of Validation. Extreme Coordinates: 10.984156 °N, 77.483510°E to 11.117189°N, 77.390141°E"
A brief description of the technologies or measures to be deployed:	The proposed Project activity is a Bundled Biomass-based Steam Production by multiple owners from a proposed cumulative capacity of 12 TPH located in the multiple locations in the state of Tamil Nadu. The Project utilises Biomass to produce steam to utilize in the industrial process, and hence reduces the green house gas emissions by avoiding the use of fossil fuels. More details will be provided during the due course of validation.
The Article 6.4 mechanism methodology to be applied (if already known):	Not known
The actual or planned start date of the activity:	05 Feb 2023
The type of the crediting period:	Renewable
Start date of the crediting period:	05 Feb 2023
The approximate amount of GHG emission reductions or net GHG removals expected to be achieved by the project on average:	24,180 tCO ₂ eq per year
